

Get Going with QuickBooks® 2007: For Windows

Course Specifications

Course number:084745

Software: QuickBooks® Pro 2007 for Windows

Course length: 1.0 day(s)

Course Description

Course Objective: This training guide is dedicated to providing you with a flexible, high-performance learning system. This dedication has resulted in a unique and progressive training method. Unlike other training methods that focus on theory or high-tech training products that overwhelm you, this training method provides a simple approach to learning computer software. Each guide is written to assume the user has no prior computer skills. If you are using the software for the first time, you will be introduced to its primary features. If you are familiar with the software, you will quickly learn the new features and functionality of this version. Regardless of your skill level, you will learn with the greatest of ease.

Delivery Method: Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.

System Requirements

This training guide does not include software. Please refer to your software installation instructions for specific hardware requirements. Before using this guide, verify that the software is installed on your computer. This training guide works with the following application:
