

SharePoint Designer 2007: Advanced + CertBlaster, Student Manual with Data

Duration:

One day

Description:

This ILT Series course, rated 4.9/5.0 in overall quality by ProCert Labs, builds on the skills and concepts taught in SharePoint Designer 2007: Basic. Students will learn how to create dynamic components, work with multimedia files, create interactive content, design with layers, and create tables and forms. Students will also learn the basics of data-driven Web sites, and they'll learn how to fix typical Web site problems.
